February 4, 2020

Tesla Motors
3500 Deer Creek Road
Palo Alto, CA 94304

To whom it may concern:

I hope you will consider my application for the IT manufacturing internship posted on January 20th. I've always felt inspired by Tesla Motors' innovation and theory throughout high school and wish to gain more knowledge of the work environment as I continue to pursue completion of a degree in electrical engineering.

Attached is my resume, displaying various experiences in which I firmly believe I am qualified for the internship at Tesla Motors. Having previously cooperated with other members in a social environment such as the official Harry S. Truman Newspaper Team shows I am a viable person to discuss ideas and compromise efficiently and effectively.

I hope to be speaking with you soon about this position. If I have met the requirements and wish to speak further, I am available anytime and my number is (718) 496 - 7003. I look forward to speaking to you soon.

Yours truly,

Bungpor Veng
